This service plan comes loaded with features including:

Control your Budget

Just need the barebones minimum support for your office? Our Safe Solutions plan may be the right one for you. With this plan you will receive phone and remote support to help you solve issues that pop up unexpectedly. Some common challenges we solve include windows operating system malfunctions, email issues, virus and anti-spyware installation issues, as well as printer issues. Bare in mind, this package does not include on-site tech support, and not all problems can be resolved over the phone or remotely. With this plan, our technicians are available to solve issues on-site at a discounted rate.

Compared to our on-the-go service charges, this plan:

- Doubles your received support time at no extra charge
