

Fully Featured

This service plan comes loaded with features including:

Control your Budget

Is your business growing faster than your technological expertise? Don't worry – we've got you covered! With the Special Solutions Plan, you are covered remotely and via telephone for your smaller IT challenges and with on-site support for the larger ones. This plan supports your network, file server, professional software (ie. Dental software), back up requirements, mobile devices and smart phones, surveillance and preventative maintenance, as well as your plans for IT projects and implementation and much more. The Special Solutions plan is a perfect, worry-free answer to your office technologies to run smoothly.

Hardware-Computer
